DUCATO

THE HANDS THAT MAKE THE WORLD GO ROUND.

Fiat Professional and Ducato were uniquely and ingeniously crafted with those people in mind. The type of people who do things the right way the first time and want a vehicle that helps to get the job done even easier.

IT'S THE RIGHT FIT

The Fiat Ducato is perfect for every worker or company no matter the size because it was made with one goal in mind: help you do your job better.

Versatility is the driving force behind every workforce, and no one knows that better than Fiat Professional who has created a series of vehicles that are comfortable, capable and adapt to all of the challenges in a constantly evolving world. Equipped with all the space, configurations and efficiency you need, the Ducato is offering the vehicle you need to put you on the road to success.

MORE THAN

TECHNOLOGY

THE TOOLS YOU NEED.

Nowadays the tools you need for your job aren't only the ones you find in your tool-kit. Ducato has all the technology options and comfort to make all your everyday tasks easier and more efficient. All these new and upgraded instruments are perfectly placed in an interior that features new rigid door panels with storage space for better durability and organization.

Once again, Fiat Professional keeps you up to date with the latest tools to make your job easier and your day run more smoothly.

MORE THAN

POWER

THE STRENGTH TO PUSH FORWARD.

Uphill, downhill, the city streets or wide-open highway; whatever road is in front of you, the Ducato's engine (130HP at 3600 RPM, 320 NM at 1800RPM) has all the power and efficiency to get the job done. Ducato delivers advanced solutions for maximum power and minimum emission

MORE THAN

WORK

IT'S GETTING THINGS DONE

Just because you get your hands dirty doesn't mean you can't look good doing it. Take on your next job with newfound confidence while driving the undisputed work vehicle that has over 35 years of world-class know-how and Italian design delivering a sharp new look with a new reinforced skid plate, black grille and outline headlamps.

MORE THAN

SPACE

THE RIGHT DIMENSIONS.

Ducato understands what you need and works to make your job easier. Choose the wheelbase that is the right size for you, so your goods and pallets will fit perfectly.
